DRIVE LEADERS WILL MEET TONIGHT

Community Chest Workers to Outline Campaign at Country Club Dinner

The slogan "Bear Ye One Another's Burden" has been selected, and the Community Chest campaign will hold its first meeting tonight at the Country Club at 6:30.

This meeting will be for the team captains, both ladies and gentlemen, representatives from each of the factories, and members of the executive committee.

At this time the general plans of the campaign will be outlined and the workers on various teams announced.

Friday night a dinner will be given at the First Congregational church another dinner will be given for team captains and their workers outside of the factories. Cards will also be given to the workers and team lists will be made out. The factory captains and their assistants will not be at this dinner, as each factory will solicit funds from their own people in their respective institutions.

It is the plan this year to systematize the cards and organize the work in an effective and simple manner as possible. This is being accomplished through the industrial committee, who will have under their supervision the raising of funds in the factories. Therefore the cards for the factories will not be given to team captains and workers at the dinner, Nov. 11. In this way there will be no duplication of the workers. A man employed in a factory will be solicited there and he will be given credit through that institution, while people who are employed in other pursuits will solicit through the general city teams, and each team will be given credit for the funds they raise.

The expenses for each of the various dinners are being borne by group of citizens. In the case of the dinner Friday evening, the Manufacturers' Association will entertain the foremen and the foreladies of their institutions. In no case will the Community Chest funds be used for these dinners.

The ladies' teams under the competent direction of Mrs. Artemas Beebe, have already been organized. They are faithful, energetic and systematic workers. The executive committee has great faith in the results they will accomplish.

The work of organizing the Community Chest drive has been under way for some weeks. There is a spirit of devotion and interest manifested by those in charge. Those in close touch with the situation feel that Elyria will do her part for 1925 as she has in the past, and the campaign will be a success.

YOUNGSTOWN MILLS GET NEW BUSINESS

YOUNGSTOWN, O., Nov. 6.—Mahoning Valley steel mills are receiving considerable new business following the election of President Coolidge, which, steel makers say, will have a reassuring effect upon business.

"I am very optimistic about the immediate future," James A. Campbell, of the Youngstown Sheet & Tube Company said today. He predicted better business and broader operations within a few weeks.

Within the past few days, the Sheet & Tube Company has booked orders for 15,000 tons of pig iron, involving basic and foundry grades, for shipment from its blast furnaces in the Chicago district. New orders were taken at \$21, an advance of 50 cents a ton.

Steel makers predict more regular employment during the winter than has been the case for the last three months in the industry.

"Bear Ye One Another's Burden," Is 1924 Chest Drive Slogan; Miss Cushman, Prize Winner

Jennie C. Cushman, 416 East avenue, is the winner of the \$10 prize offered to the one who suggested the best slogan for the 1924 Community Chest drive.

"Bear Ye One Another's Burden," was the suggestion made by Miss Cushman, and the committee composed of Supt. R. C. Maston, of the public schools, Rev. William Muir Auld, pastor of the First Congregational church, and A. C. Hudnutt, Chronicle-Telegram office felt that the slogan, which are the words of the Master, gives expression to the real purpose of the drive as no other words can.

There were four other very good suggestions considered as follows: "They Need Me Too," "Give Your Share and Show Your Care," "Don't Fail Us," "For Love, For Charity, For Elyria." Any one of these would help in the campaign, but the one chosen, the committee believes contains the best appeal to the hearts of those who are able to give.

East Carlisle School Project Turned Down; Most Levies Approved

One of the most important projects that faced voters in Lorain county at the polls Tuesday was defeated. This was the proposition to bond Carlisle township for \$75,000 for the construction of a new school under a centralized plan in East Carlisle.

Fourteen money issues before county voters while four districts voting on special questions turned down the matters proposed.

The biggest item affecting Elyria was the passing of the city levy of three mills for five years for operating expenses. Passage of this levy insures the city against a shortage in operating expenses of \$48,229.43, according to the summary of the situation made by County Auditor Watly. This levy carried by 1073 majority. The vote was: Yes, 3653; No, 2580.

JUDGE FUNK IS 42,678 AHEAD OF OPPONENT

Wooster Man Is Retained as Court of Appeals Member Over Candidate From Lorain

Judge Ross W. Funk of Wooster was re-elected judge of the Court of Appeals Tuesday by a majority of 42,678, one of the largest majorities ever received by a candidate for office in a district of this size.

Judge Funk carried each one of the four counties in the district, obtaining his greatest majority in Summit county. His opponent was Judge William P. Duffy of Lorain.

The vote was as follows:

County	Funk	Duffy
Summit County	45,962	18,476
Funk's majority	27,486	
Wayne County	10,121	3,846
Funk's majority	6,275	
Medina County	5,215	989
Funk's majority	4,246	
Lorain County	13,698	8,398
Funk's majority	5,300	
Funk's total vote	74,367	
Duffy's total vote	31,689	
Funk's total majority	42,678	

It was pointed out today that it was just thirty years ago last Tuesday that Judge Funk was elected prosecuting attorney of Wayne county, at which time he was elected with the largest majority of any candidate on either ticket.

Judge Funk is at present serving the short term on the Court of Appeals for which he was elected two years ago. At that time he had the largest majority of the three judges who were then elected, being nearly 18,000 ahead of his opponent. His present election is for a full term of six years which begins February 8, 1925.

CRITICALLY BURNED

AKRON, O., Nov. 6.—Nick Price will probably die of burns suffered this morning when a gasoline tank he was filling exploded. It was said Price was operating a still in a basement of a house on the edge of town. Firemen extinguished flames which followed the explosion.

FINES BY RADIO

CHICAGO, Nov. 6.—Judge John O'Connell, police court jurist, has hit upon a novel way to dispose of unclaimed "evidence" taken from convicted pickpockets. The money is ordered turned over to an organization that is buying radio receiving sets for disabled World War veterans.

The county one mill road levy was carried substantially all over the county. The majority was 6627. The total vote was 14,770 for and 8243 against.

Lorain city passed its three-mill levy. The vote was 4862 for and 2856 against.

Oberlin village passed a three-mill levy for five years, the vote standing 1163 for and 281 against.

In East Carlisle, the issue was for the centralization of the school district and for the erection of a \$75,000 school to house the elementary grades and to provide for the addition of the ninth grade to the school. These lost.

The three-mill levy for five years for operating expenses of the school district carried by 17 votes. There were 219 votes for the levy and 202 against.

A bond issue of \$100,000 was approved in Eaton township by 23 votes, unofficial reports showed. This is for the erection of a new school building.

Chesher township voted to centralize its schools. Rochester village approved a two-mill levy for one year for the school, 62 to 30.

Penfield approved a bond issue, it is reported.

Amherst village passed its one and one-half mill levy for five years for the school district, 603 to 393.

Grafton village passed a one-mill levy for five years for the school district, 215 to 106.

Grafton township failed to approve a three-mill levy for five years for the schools, voting 101 for it and 125 against.

Ridgeville township passed a three-mill levy for five years for schools, 449 to 273.

A one-mill levy for three years for the schools in Henrietta township lost by 58 votes. The count was 104 for and 164 against.

Pittsford failed to approve a three-mill levy for five years for the school district by four votes. The count was 82 for and 86 against.

A one-mill levy in Huntington township for five years for the schools won, 95 to 64.

Columbia school district passed a one-mill levy for three years, 159 to 93.

FIND INDIAN BONES

Nine dead Indians lying in a row.

That's what Lester Moes, who recently moved onto a Butler road farm about nine miles south of Wellington, found on the banks of the Vermilion river near the town of Vermilion.

While wandering along the river, Moes and his pals stumbled onto a number of whitened bones. They investigated in the vicinity and at the top of a high bank overlooking the river, they found what they claim to be an Indian mound.

After digging carefully with spades and later with teaspoons so as not to disturb the contents of the mound, the young men found the skeletons of nine Indians, several of them in their entirety, showing that the graves had not been previously touched.

Several articles of pottery and other relics were also found.

Moes plans to present the bones to some historical society so they may be preserved. He has pictures to prove his claims.

TROOPS LEAVE NILES

NILES, O., Nov. 6.—All troops were withdrawn today from this city, following the issuance of a proclamation late yesterday by Gov. Donahue, ending martial law, proclaimed Saturday when Klan and Anti-Klan factions clashed and thirteen persons were wounded.

Violets in Bloom On Amherst-Rd Says Woman

The calendar may register Nov. 6, but the weatherman predicts "rain and cooler," and out on the Amherst road near Yeager's old farm the violets are sturdily blooming, according to Mrs. W. H. Treaster.

Mrs. Treaster lives two miles from Amherst, and she has dubbed the district where she lives "Violet Hill," because of the profusion of those flowers which bloom gaily from earliest spring until the first snow.

NEBRASKA ASKS CHILD'S WORK FOR CRIPPLED

Edgar F. Allen, founder of the National Crippled Children's Home movement has received a call from Nebraska to come there and organize the State along the lines that other states have previously been organized.

Mr. Allen realized the urgency and importance of the call, but his first thought was of Elyria, the seat of the crippled children movement not only of the United States but of the world. He was aware that the time spent in Nebraska would interfere with his work here in the interest of the Community Chest drive, so he put the question of his going to the board of directors of the Community Chest with the result that it was decided that he should first devote his time to the drive here Nov. 12-21, and then go to Nebraska for the great work there.

CHRONOGRAMS

No Lights, Owner Fined—The first fine assessed under the new traffic ordinance for parking an auto without lights at night, was given to A. L. Bond for parking his auto on George street without lights. Four other ordinance violators were fined in police court by Justice S. J. George this morning. All fines today were \$10 and costs. With \$5 of the fine suspended. Others fined were: Charles McCarvel, parking overtime on Broad street; Victor Brittenstein, parking overtime on Broad street; Harry Crandall, parking overtime on Cheapside; Harold Childs, parking overtime on Cheapside.

Sues Richwine Co.—A suit for \$2500 damages against the Richwine Ice Cream Co. has been filed in Common Pleas Court by Joseph Skodak for injuries suffered in an accident on Huron street, Aug. 21. Skodak alleges in his petition that his horse and wagon were struck by the ice cream company's truck. He claims damages for the wagon, for produce he was hauling and for the harness worn by the horse, aside from damages for his personal injuries.

GOOD WORK BY SALVATION ARMY

Much Accomplished By Humanitarian Agency During Past Year, Annual Report Reveals

The Community Chest campaign for 1924 will be launched on the 12th of this month and will continue until Friday night, Nov. 21. Those who are in charge of the work are preparing to go forward vigorously with the one idea that the quota of \$91,500 must be met, and they feel that the public to whom they must appeal should be fully apprised of the work that is being done by the various organizations that benefit from the fund.

Among these worthy institutions is the Salvation Army. They receive \$4000 and they make a full and complete yearly report as to what work they have done.

The Army has been in continuous service in Elyria for the past 35 years. No one can estimate the good that has been accomplished among the poor and unfortunate. They stand ready day or night to extend a helping hand whenever they are called upon. Many times they have had a hard row to hoe from lack of funds, but with the true spirit of the Master they have persevered and have got by some way. They know no race or creed but go about their work simply and effectively and the result has been that they command the respect of everyone. During the Lorain disaster they were among the first in the field and the Salvation Army's with their baskets of doughnuts and pails of hot coffee aided the workers during the dreadful hours that followed to carry on the work of rescue. Ask the soldier boys of the World War what they think of the Salvation Army and they will place them first in their hearts as being the nearest to them during their trying experience on foreign soil.

Captain and Mrs. Walter Jeffries are now in charge of the Elyria station. They command the respect of the entire community, for they are workers, and can be depended on at all times at the work of rescue. Ask the report of the work done by the Army during the past year.

They have conducted 148 open air meetings, and estimate that in addition 230 meetings have been held in their hall with an attendance of 5,077. Visitations and investigations made, 662 hours. Seekers at the penitentiary, 96. Young people's meetings, including Sunday school, 179; attendance, 2,992. Meetings at the county jail, 104; attendance, 2,561. War Cris distributed, 2,650. Number prisoners professing conversions, 6; desiring to lead a better life. 612; hours spent in prison work, 53. Christmas treats were given prisoners on Christmas and Easter.

Relief Work—Meals given, 548; lodgings to transients, 231; given transportation, 20; garments to Japan disaster, 434; shoes, 54; helped with payment of board, 7; medical aid, 4; gas bill paid, 1; given out, 153; both garments and shoes, 305; applications for work, 49; work supplied, 2; families relieved, 122; persons in family, 904; twenty-one baskets distributed at Christmas to families comprising 69 persons; children given toys, 160; toys given out to children, 200; pounds of coal distributed, 6,000; mothers given summer outing, 16; children given summer outing, 60; garments to Lorain disaster, 400; shoes to Lorain, 70; sandwiches, to Lorain, 500; and 90 gallons of coffee.

Here is a record that any organization might well be proud of. The city is getting real service here and the Community Chest contribution is little enough. Can you afford to let this splendid work go down for lack of funds?

\$600,000 FIRE AT WHEELING

WHEELING, W. Va., Nov. 6.—Fire, origin unknown, this morning gutted the Davis, Burkham and Tyler Building here today, with a loss estimated at \$600,000. Fire companies from adjacent towns augmented the local department. The fire started on an upper floor at 2 o'clock this morning.

BOSTON, Nov. 6.—Senator Henry Cabot Lodge, senior Massachusetts Senator, was in the shadow of death at the Charlesgate hospital today. The Senator recently underwent two operations for obstruction of the bladder from which he was said to be recovering. A shock is responsible for the gravity of his present condition.

Doctors Frederick Winslow and John W. Cunningham issued a statement at noon declaring: "Senator Lodge's condition remains unchanged, not hopeful."

At 7 o'clock this morning, Dr. John Cunningham said that even if Senator Lodge survived the present attack he would be left a hopeless paralytic.

Senator Lodge was operated upon for gallstones at Charlesgate hospital, July 27. The operation was considered successful and his recovery from it remarkable in view of his age. He returned to his summer home at Nahant after only a brief stay in the hospital.

He was operated on a second time, Oct. 20, with the intention of preventing any recurrence of the conditions which led to the first operation. Again his recovery was believed good and the bulletins of his condition reported steady gains until the relapse at noon yesterday.

Dr. Cunningham, who attended Senator Lodge at both operations, was called as soon as the Senator's condition was known to be serious and there was a watcher at his bedside all last night. Senator Lodge was conscious this morning.

"De Luxe" The Bedspring LUXURIOUS

"Average Bed a Torture Rack"
—says Physician

"This is literally true" says a well known physician, "although many people do not realize that the bed—or really the bedspring—is the cause of their discomfort. For generations people have gradually become accustomed to this slow torture and so bear it. People attribute their backache—their cramped muscles—their general tired-out feeling to their general condition. As a matter of fact, instead of a Doctor's care, in most cases, all these people need is a new bedspring."

The ordinary coil, woven wire or national bedspring is not fit for human beings to sleep on. It sags into great hollows which twist the spine causing backache, neckache, cramped muscles, and nerve pressure. Certain parts of the body are not supported at all. Consequently these parts tire, and the sleeper tosses about in an attempt to relieve the strain. Naturally a night of such discomfort gives no rest.

So that people may have complete rest, complete recuperation at night, a bedspring has been designed that is approved by physicians and hygienists everywhere. It is the Rome De Luxe Bedspring. It cannot sag, yet gently molds itself about every contour of the body, supporting every part easily without pressure. On a De Luxe the body lies comfortably without a sign of strain—completely relaxed for sound refreshing sleep. The De Luxe is so constructed that it cannot wear or tear mattresses.

See the Rome De Luxe Bedspring at your dealer's. It's a revelation in luxurious comfort—no bedspring at any price compares with it. Know it by the Rome Quality trade-mark on the side rail. It is the mark of identification and certification of quality on all Rome products. The Rome De Luxe is interchangeable—fits either wood or metal beds.

COST \$2886619 FOR COUNTY SCHOOLS

Auditor Gives Report on Expenditures for Last Year; Itemized Expenditures by Schools

From a maze of figures which County Auditor M. W. Welty has compiled into an annual report, it is possible to inform the taxpayers of Lorain that it required nearly \$3,000,000 to operate the schools last year.

While a small portion of the expense of conducting the schools is borne by the state and a small amount is received from the Western Reserve School fund and from rentals, the greater part of the annual expenditure for schools is derived from taxes.

The auditor's report is a most complicated set of figures and comprises over 30 separate items with which one must juggle to know what the receipts were for the various schools.

As the various reports are received from the school boards of the county, they are checked over and corrected in the auditor's office, then distributed over several sheets which go to make up his annual report.

Figures Are Checked

After the figures have been placed in the proper columns, they are totaled up and the footing checked in order to catch any mistakes or errors which might have been committed by one of the clerks in the office.

Lorain expended the largest amount in maintaining her school system and the recent tornado inflicted a heavy loss upon school buildings in that city and the loss will be reflected in this year's outlay.

For the year ending Aug. 31, 1924, the auditor's report shows that the following amounts were expended by the various school boards of the county:

It's Warm Out-Of-Doors on the GULF COAST

The American Riviera

Commissioned by Louis XIV to found a new world colony, Iberville, with his brother, Bienville, crossed the sea and dropped anchor in what is now Biloxi Bay. Settlements were created and the flag of France raised at Mobile, Pensacola, Ocean Springs, Biloxi, Gulfport, Pass Christian, Bay St. Louis and New Orleans.

IBERVILLE explored the Gulf Coast from New Orleans to Pensacola on frigates and barges. You, from the cold North, discover its sunny comfort and its romantic old-world interest, on the excellent through trains of the Louisville and Nashville Railroad, including the de luxe all-steel limited, *The Pan-American*.

Climate and sports, sunshine and rest; surfaced roads skirting the tree-fringed Gulf shore; modern hotels and hospitable people; low round-trip fares and uniformly moderate costs give charm and logic to the Gulf Coast as your winter vacation place. Let the undersigned give you further and complete information. Ask or write for illustrated booklets.

Says Allenrhu Surely Conquers RHEUMATISM

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenrhu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers.

"The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Harry A. Crandall and C. W. Phillips who have been appointed agents in your city. It is Mr. Allen's own discovery.—Advertisement.

The Day's News in Pictures

How World War Leaders Look Today

What roles are leading figures in the World War playing now? Gen. John J. Pershing, commander of the A. E. F., is a civilian, having been retired from the army only a few months ago. The former Kaiser is living in obscurity in Holland. His "lion," Von Hindenburg still wears a uniform, but has no army to command. The deposed king of Bulgaria is in retirement in Switzerland. Marshal Foch, generalissimo of the allied armies, is still an active figure in the French army, but not a conspicuous one. Gen. Douglas Haig, now Earl Haig, British commander, is living the life of a retired English gentleman. They are seen as they look today. Above (left to right): Pershing, the former Kaiser, von Hindenburg, Foch. Below: Haig and Bulgaria's ex-king.

Will You Buy an Overcoat or an Ensemble?

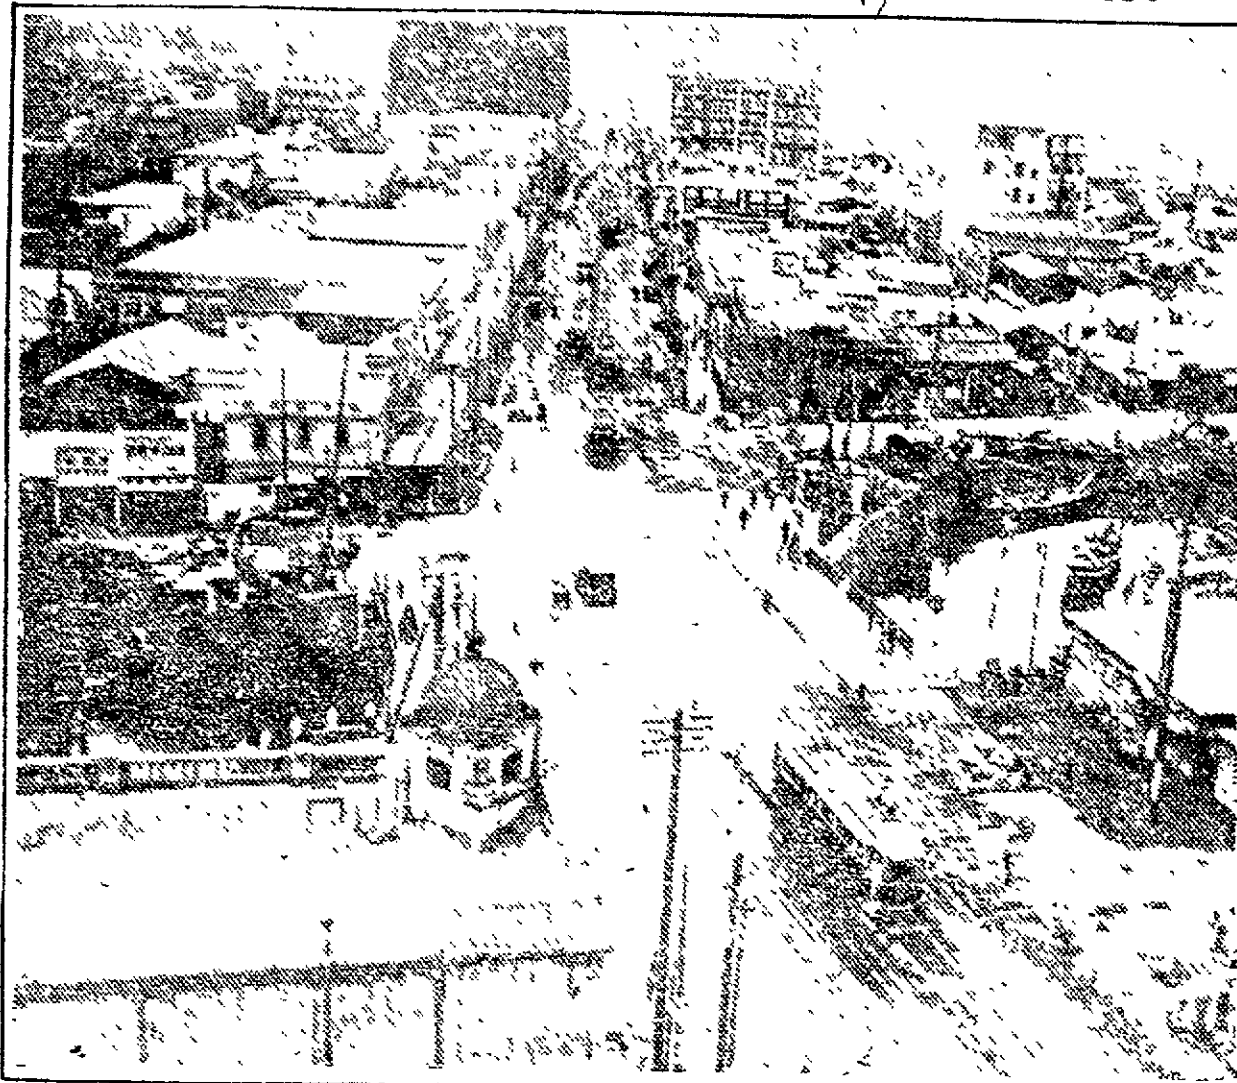

Will your choice of a coat this season be an overcoat or an ensemble? The coat on the left is the former style—a good, warm, practical coat that would defy the winter winds. It is fashioned of shaggy gray wool and bound in red and blue plaid. The ensemble suit in the center is of brown chiffon velvet trimmed with kolinsky with a bodice embroidered in gold and red. While on the right is a lovely coat of silvery muskrat worn over a coat frock of soft black.

Shops Are Showing Many Warm, Handsome Wraps

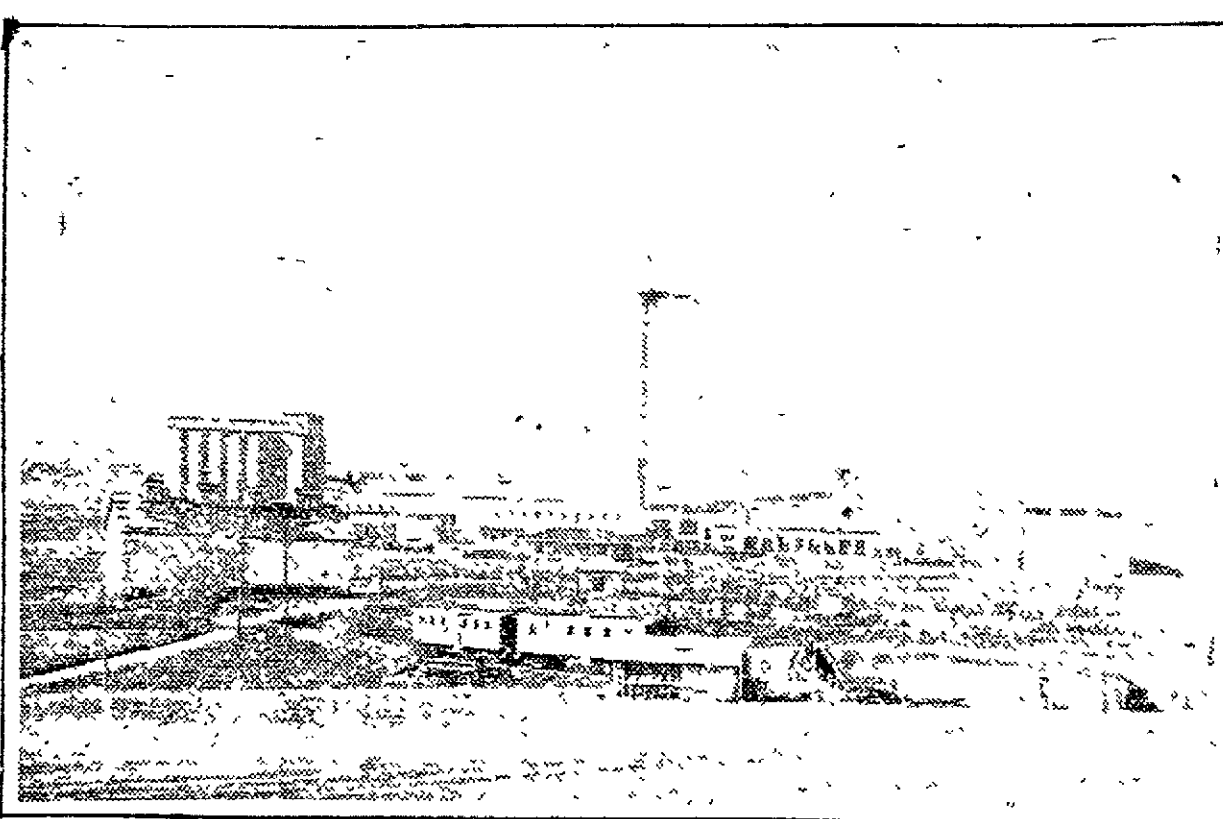

Warm and exceedingly handsome are the winter wraps shown by the best shops. On the left is a fur coat which would defy the coldest blasts of boreas. It is trimmed with natural fitch. The evening wrap (center) is fashioned of orchid brocade with bandings of softest maribou, and a wrap around coat of taupe colored American broadtail (right) is collared, cuffed and banded with blue-fox.

DESPOILED TOKYO AS IT LOOKS TODAY

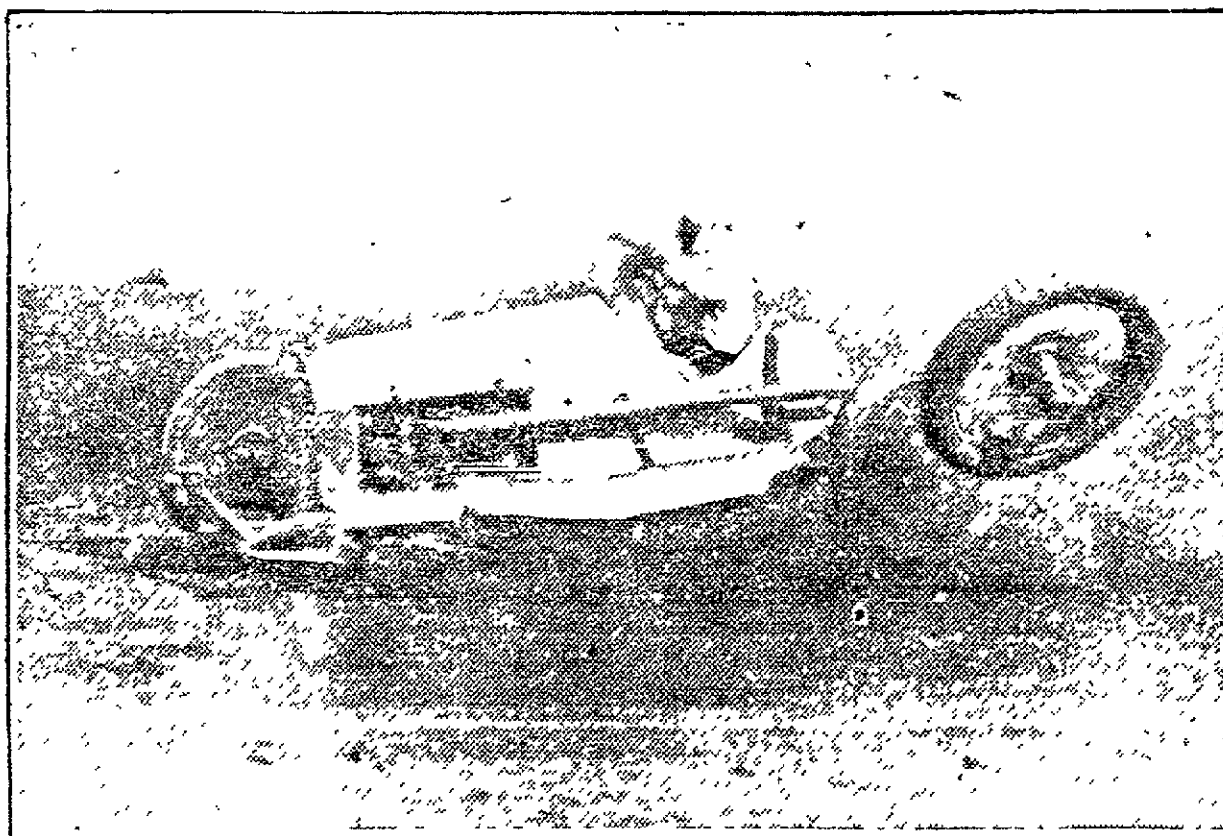

The enormous progress made in fourteen months in the reconstruction of the earthquake-despoiled Japanese capital is shown by this photo, the most recent picture of Tokyo to reach this country. The business center of the city, the Ginza, and (in the foreground) the Kyobashi bridge, are seen.

South Dakota Goes Into Business With \$2,000,000 Plant

What is claimed to be the first state built, owned and operated industrial plant in the United States, is about to begin operations at Rapid City, South Dakota. It has just been completed at a cost of \$2,000,000. It will produce and market cement.

Loses Wheel, But Keeps Head and Cheats Death

An automobile racing driver, traveling over the Culver City Speedway, near Los Angeles, lost a wheel, but by quick thinking managed to bring his car to a standstill without turning over or endangering the lives of other drivers in the race. A lucky cameraman happened to get a photo of the wheel bursting off of the car.

Two Women Considered For British Cabinet, One American-Born

Two women, one of them American-born, are in line for appointment as members of the new cabinet now being formed in Britain by Stanley Baldwin. They are: The Duchess of Atholl (left) and Lady Nancy Astor, both of whom are conspicuous figures in English politics. Lady Astor was Miss Langhorne of Virginia.

Her Right to Title of "Prettiest Peeress in England" Is Disputed

The title of most beautiful English peeress seems to lie between the Viscountess Curzon (above) and the Duchess of Lisburne. It is claimed for both. The Viscountess Curzon is the wife of the heir of the Earl of Howe.

Modern Eve to Brave Forest Alone To Obtain "Local Color" for Novel

Charles Payne, Kansas naturalist and writer, is planning to write a novel with a modern Eve as heroine. To obtain the proper "color," he is going to send a young woman into a North Carolina forest to battle with nature for an existence. Then he will inject her experiences into his story. Here are shown Payne with his wife, and one of the young women considered for the modern Eve role.

DAILY NEWS LETTER

General News and Gossip from Staff Writers at Home and Abroad

BY ROBERT S. THORNBURG
WASHINGTON, Nov. 6.—Over 80 per cent of battle-scarred Northern France had been restored to its former condition by the first of October—just six years after the Allied Armies were sweeping through the Argonne to end the greatest war in all history.

According to official information to the Department of Commerce, a big percentage of the houses destroyed during the war has been rebuilt; 80 per cent of the trenches used by the Allied and German armies have been filled in; 90 per cent of the damaged canals reconstructed and 88 per cent of the factories put back into operation.

While to a great extent the repairing of damages done in these regions was executed with Government aid, nevertheless much is due to the energy and industry of private individuals and owners. Atwood A. Welden, European expert of the Department of Commerce, said:

Welden said that information indicates the last scars of the great war would be removed from Northern France by the middle of next year. Most of the agricultural lands have been reclaimed from the sanguinary, trench-cut fields. The miles of barbed wire have been removed, and the population has returned to its original dwellings. Manufacturing and mining industries have been reopened.

The pre-war population of the reconstructed regions numbered approximately 4,000,000, while by November 11, 1918, this number had been reduced to 2,075,000, Welden said.

On January 1, 1924, the population was 4,233,000. In 5,239 out of 3,244 communes the local

administration has been reorganized fully. The number of public schools and post offices in these districts exceeds that of pre-war days.

Shortly before the close of the war a corporation was organized known as the Credit National, to facilitate the repair of damages caused by the war. The company was formed by a group of the most important French banks, with a capital of 100,000,000 francs. Up to April 30, 1924, war sufferers had been paid about 54,000,000,000 francs. It is expected that the total damages paid to persons who suffered loss of property during the war will reach about 82,000,000,000 francs.

Although the French Government is undertaking the responsibility for financing reconstruction, a considerable part of the direct burden of cash payments has been distributed among different agencies, Welden said.

The French Treasury at the end of 1923 had furnished almost 22,000,000,000 francs.

Interesting figures as to industrial reconstruction are to be found in connection with the coal mines of the Nord and the Pas-de-Calais departments, according to Welden. He pointed out that the number of pits in these departments at the beginning of the war was 200, all of which were damaged during the invasion.

On January 1, 1924, there were 145 of these mines again in operation with workers numbering nearly 96,000, or 4,000 more than in pre-war years, he continued. The output in January, 1924, amounted to 1,222,000 tons, or 76 per cent of the average monthly output in 1913 as against a monthly average of only 1,535 tons in 1919.

IN THE DAY'S NEWS
John Philip Sousa, who is in line for congratulations today on his 70th birthday anniversary, is one of the best-known musicians of the United States. He was a teacher of music at 15 and a conductor at 17. He played first violin in Jacques Offenbach's orchestra when that musician was in America. From 1880 to 1892 he was a resident of Washington, and a leader of the United States Marine Band. Then he organized his own large group of expert mu-

sicians and toured Europe, and later went around the world. During the war Mr. Sousa enlisted in the United States Navy and helped in organizing military bands. He has been decorated from foreign governments. In addition to the popular marches for which he is famous he has composed orchestral suites, "Te Deums," songs, waltzes and light operas, from all of which he has received large royalties.

BARBERS AND ELKS BATTLE SUNDAY IN CHAMPIONSHIP TILT

The Kolinski and Birmingham Barbers will hold an important practice this evening in preparation for their championship tilt with the Elks.

The Barbers are making this a real week of practice as they expect a hard battle with last year's champs.

All players are requested to report for practice at 6:30 sharp, this evening.

The Mercuries and Triangles will meet in the Lorain elimination match Sunday.

The winners will then meet for the county championship.

INDUSTRIAL INDOOR LEAGUE TEAMS IN TWO CLOSE GAMES

A real menu was offered last night in the Y. M. C. A. Industrial indoor baseball league when the Columbia Steel Co. locked horns with the American Loco and the Western Automatics took on the Troxel outfit.

The first game of the evening was one well worth seeing and one that ranks with the top numbers in the state as far as indoor baseball is concerned. This game was between two of the strongest teams in the Industrial league, namely the Loco and the Columbia Steel. Both of these teams have been nip and tuck for first place honors for the past five seasons and it is hard to predict ahead of time just how their games will come out. Last evening the Steel nine had on their war togs and proceeded to capture the game right from the start; but the Loco team had some thing to say about that and it resulted in a real battle with a huge crowd of spectators to help out both teams. Both teams seemed to bat in good shape but in fielding the Columbia Steel stepped out a little and this is what won the game for them. No one player stood out for either team but all

Big League Clubs Swap Punches But Big Winter Trade Is Bloodless Exchange

By NORMAN E. BROWN

Owner Barney Dreyfuss and Manager Bill McKechnie of the Pirates, decided some time ago that the team's repeated failures to land the National League flag were due to lack of punch in batting.

Charley Wrigley and Bill Killefer, owner and pilot, respectively of the Cubs, decided, also, that what cost them a chance for a world's series since last year was lack of punch in the field and the southpaw side of their pitching staff.

So the other day the four bosses got together and exchanged punches. And they were some wallop—about as bloodless ones. They knocked six well known ball players right out of their uniforms.

The Pirates hooked Charley Grimm, Wilbur Cooper and Rabbit Maranville right over the northeast corner of the Chicago stockyards and the Cubs jabbed Vic Aldridge, George Grantham and Albert Neibaus into the smokehouse section of Pittsburgh.

The decision goes to the Pirates on points.

They get a good right-handed pitcher, a youngster who can not only bat and often field brilliantly as an outfielder and a young first baseman who will give them earnest service at first and should hit the ball. In other words the Pirates get added batting strength without weakening their defense and pitching staff.

The Cubs get a first baseman who failed in Pittsburgh because he refused to take the game seriously, a veteran southpaw who cannot have many more seasons ahead of him and a veteran infielder who is nearing the end of his rope.

SPORT FLASHES

NEW YORK, Nov. 6.—Tex Rickard and Luis Angel Firpo will be guests of Jack Dempsey tonight at a dinner, that the world's champion will give newspapermen at a restaurant. It is expected that Dempsey, Rickard and Firpo will speak, the latter's remarks to be passed onto the guests through an interpreter.

NEW YORK, Nov. 6.—Frankie Ash, English flyweight, is on the high seas, bound for home in England. It was learned today. He made a fine showing against Pancho Villa, world's champion, last summer, but was knocked out in round by Al Brown, of New York, recently.

NEW YORK, Nov. 6.—The condition of W. Phillips, steeplechase jockey, who was seriously injured when his horse, fell during the running of the Cherry Mallon steeplechase at the United Hunt's Meeting on Tuesday, was reported considerably improved today. He has recovered consciousness and is resting. It was reported at the Mary Immaculate hospital, Jamaica, L. I., where the rider was taken after the accident.

LOS ANGELES, Cal., Nov. 6.—Confirming reports circulated here for several days, University of Southern California authorities announced definitely today that the U. S. C. and Notre Dame football teams would meet in an inter-sectional contest in Pasadena New Year's Day. The game will be played in the tournament of roses held under the auspices of the Pacific coast conference.

NEW YORK, Nov. 6.—Dave Shade, leading contender for the welterweight title, has been wanted to meet Morris Schleifer, of Omaha, at Newark, N. J., December 3rd. It was announced today by Leo P. Flynn, Shade's manager.

The longest stretch of the games in the Yale-Princeton football series, extending over a period of fifty years, was in 1879, 1880 and 1881, when the two teams played the three successive years without a point being scored.

Bowling Scores

Two teams of the Industrial League went against each other at the Gala alleys last night. The Moulton Candies took two out of three from the Studebaker team in easy fashion. The Candies rolled 936 in their second game which is high single game for the League this year. Scores:

LAST NIGHT'S FIGHTS

NEW YORK—Quentin Romero Rojas, Chile, and Billy Montzomery, Chicago fought a draw in six rounds; Leo Gates, Brooklyn, knocked out Jim Sumner, Millville, N. J., fifth round; Alex Solar, New York, got the decision over Don Bright, England, six rounds; Miguel Ferrerara, Argentine, knocked out George Antioch, N. Y., fourth round; Sandy Seibert, Pittsburgh, got the decision over Charley Potash, Philadelphia, six rounds.

Painesville Meets Elyria Hi Saturday

The Painesville high school football team will play Elyria high school here Saturday, Coach Paul Beeler announced today. Arrangements for the game were completed this morning. Telegraphic acceptance of the game was sent to Painesville.

OBERLIN PLAYS AT CINCY ON SATURDAY

OBERLIN, O., Nov. 6.—Taking nothing for granted and refusing to believe that the Cincinnati university eleven will be a setup for his team in its fight for the championship of the Ohio college, Coach W. L. Hughes of Oberlin is working his team hard behind closed gates for Saturday's battle. Every agency in the school has been continually warning of overconfidence since the victory over Case and it will be a determined team that will take the field to help dedicate the new stadium in the Ohio City.

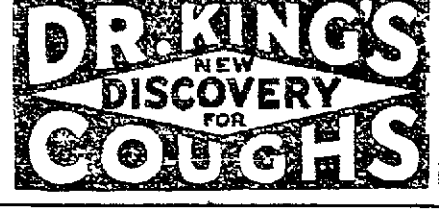

Oberlin's line is in the best shape that it has been since the start of the season not a regular lineman or substitute being unable to participate in the new tilt. The backfield has been weakened by injuries in the last two games and in case of more injuries to the backs Coach Hughes will be hard pressed in this department.

It is hoped that Poe will have recovered sufficiently from the injury received in the Denison battle to take his regular place at end and Walton, who has shown so well in the last four games to win a regular place, probably will be forced to remain idle because of injuries.

How To End a Cough Quickly

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in the prescription known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have hardly been able to sleep at night for coughing usually get their full night's rest even after the first doses. It has been very successful, too, for children's spasmodic cough, for bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

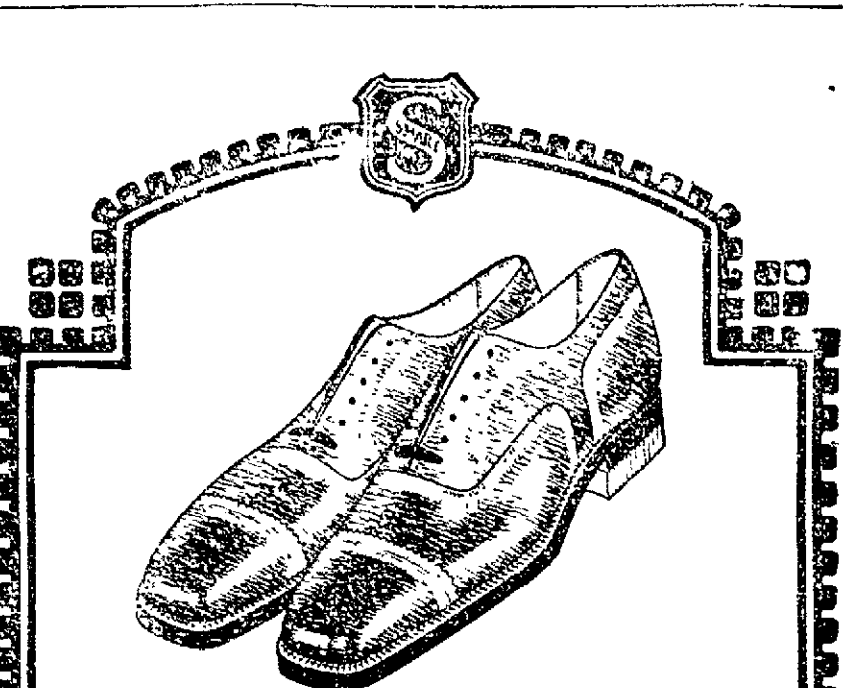

received last week.

CINCINNATI, Nov. 6.—The largest crowd ever gathered for a football game in Cincinnati, is expected to see the Oberlin-Cincinnati University Saturday afternoon when the games Gable Nippert memorial stadium will be dedicated. The stadium is a gift from James N. Gable, multi-millionaire soap manufacturer, in memory of his grandson, who died last Christmas of injuries received

Representatives of the minor baseball leagues will come together at Hartford, Conn., December 10, for the annual meeting of their national association.

Battling Siki, of whom little has been heard of late, is booked to face Ted Moore, the Danish middleweight, in a 10-round bout at Omaha late in November.

Duxbak

9 Reasons Hunting Clothes

Why the Duxbak Hunting Coat is a National Favorite With Hunters

1. Soft Corduroy faced cuffs. Button up to shut out cold.
2. Collar faced with Corduroy Buttons up around neck for protection against cold or rain.
3. Duxbak name on every button. Thick. Revealed towards edges. Easy to button. Extra strong where sewed on.
4. Ventilated armholes. Fitted with by-swing sleeve gusset to give free, easy movement.
5. Front and Back Entrances to Game Pockets. Large and roomy.
6. Double Shell Pockets. Roomy, handy.
7. Lined throughout with Duxbak cloth—same as outside. Double protection against wind, rain and cold.
8. Tailoring. Accurately cut to pattern. Carefully sewed with thread of exceptional strength.
9. All real Duxbak garments have the Duxbak label which guarantees quality and satisfaction.

The Duxbak Cloth of which this hunting coat is made is a specially woven army duck. It is firm, close, exceptionally strong and RAINPROOFED. Some idea of its great strength may be gained from the fact that it will stand a pulling strain up to 160 lbs. per inch along the warp.

BARBERS AND ELKS BATTLE SUNDAY IN CHAMPIONSHIP TILT

The Kolinski and Birmingham Barbers will hold an important practice this evening in preparation for their championship tilt with the Elks.

The Barbers are making this a real week of practice as they expect a hard battle with last year's champs.

All players are requested to report for practice at 6:30 sharp, this evening.

The Mercuries and Triangles will meet in the Lorain elimination match Sunday. The winners will then meet for the county championship.

INDUSTRIAL INDOOR LEAGUE TEAMS IN TWO CLOSE GAMES

A real men's war was fought last night in the Y. M. C. A. Industrial Indoor baseball league when the Columbia Steel Co. locked horns with the American Lumber Co. and the Western Automatics took on the Travel Co.

The first game of the evening was one well worth seeing and one that ranks with the top notchers in the state as far as indoor baseball is concerned. This game was between two of the strongest teams in the Industrial league, namely the Lumber Co. and the Columbia Steel. Both of these teams have been big and luck for first place honors for the past five seasons and it is hard to predict ahead of time just how their games will come out. Last evening the Steel nine had on their war dogs and proceeded to capture the game right from the start but the Lumber team had some things to say about that and it resulted in a real battle with a huge crowd of spectators to help out both teams. Both teams seemed to bat in good shape over in fielding the Columbia Steel stepped out a little and this is what won the game for them. No one player stood out for either team but all

of the players put up a real scrap. The final score stood 11 to 8 in favor of the Columbia Steel team. In the second battle of the evening the Western Automatics started the ball rolling and continued to roll it at a fairly good pace and won out with a score of 16 to 9. Traveler and Salsbery for the Westerns and Smith and Krebs for Travelers played good games for their respective teams.

Big League Clubs Swap Punches But Big Winter Trade Is Bloodless Exchange

By NORMAN E. BROWN

Owner Barney Dreyfus and Manager Bill McKechnie of the Pirates, decided some time ago that the team's repeated failures to land the National League flag were due to lack of punch in batting.

Charley Whiteley and Bill Killefer, owner and pilot, respectively, of the Cubs, decided, also, that what cost them a chance for a world's series since last year was lack of punch in the field and the southpaw side of their pitching staff.

So the other day the four bosses got together and exchanged wallop—about bloodless ones. They knocked six well known ball players right out of their uniforms.

The Pirates hooked Charley Graham, Wilbur Cooper and Rabbit Maranville right over the northwestern corner of the Chicago stockyards and the Cubs jabbed Vic Aldridge, George Grantham and Albert Neuhaus into the smokehouse of Pittsburgh.

The decision goes to the Pirates on points.

They get a good righthanded pitcher, a youngster who can hit 'em hard and often and field brilliantly as an outfielder and a young first baseman who will give them earnest service at first and should hit the ball. In other words the Pirates get added batting strength without weakening their defense and pitching staff.

The Cubs get a first baseman, who failed in Pittsburgh because he refused to take the game seriously, a veteran southpaw who cannot have many more seasons ahead of him and a veteran infielder who is nearing the end of his rope.

The Pirates are protected as to his failure to judge around his

second base so the deal did not leave a hole there. Young Eddie Moore, Atlanta star, who joined the team last season proved conclusively that he is ready to play the middle sack as brilliantly perhaps as Glen Wright cavorted at short.

Aldridge was allowed to slip away by Chicago due to the over supply of good righthanders on the mound staff. But the acquisition of Cooper gives them a southpaw only for the present.

Graham's case at Pittsburgh was a disappointment. He started out brilliantly. The need for serious effort failed to impress him, however. A game was a game with them earnest service at first and should hit the ball. In other words the Pirates get added batting strength without weakening their defense and pitching staff.

The Cubs get a first baseman, who failed in Pittsburgh because he refused to take the game seriously, a veteran southpaw who cannot have many more seasons ahead of him and a veteran infielder who is nearing the end of his rope.

OBERLIN PLAYS AT CINCINNATI ON SATURDAY

OBERLIN, O., Nov. 6.—Taking nothing for granted and refusing to believe that the Cincinnati university eleven will be a setup for his team in its fight for the championship of the Ohio conference, Coach W. L. Hughes of Oberlin is working his team hard around closed gates for Saturday's game. Every agency in the school has been continually warning of overconfidence since the victory over Case and it will take the team to help dedicate the new stadium in the Ohio city.

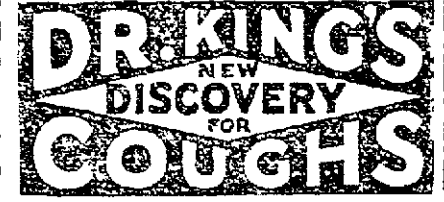

Oberlin's line is in the best shape that it has been since the start of the season, not a regular lineman or substitute being unable to participate in the next tilt. The backfield has been weakened by injuries in the last two games and in case of more injuries to the backs Coach Hughes will be hard pressed in this department.

It is hoped Art Poe will have recovered sufficiently from the injury received in the Denison battle to take his regular place at halfback, who has shown so well in the last four games to win a regular place, probably will be forced to remain idle because of injury.

How To End a Cough Quickly

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in a preparation known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have been unable to sleep at night for coughing usually get their full night's rest even after the first dose. It has been very successful, too, for children's spasmodic coughs, for bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good drug stores.

DR. KING'S NEW DISCOVERY FOR COUGHS

received last week.

CINCINNATI, Nov. 6.—The largest crowd ever gathered for a football game in Cincinnati, is expected to see the Oberlin-Cincinnati University Saturday afternoon when the games of the Ohio State memorial stadium will be dedicated.

The stadium is a gift from James N. Gamble, multi-millionaire so. n. manufacturer in memory of his grandson, who died last Christmas of injuries received in a football game.

ELYRIA'S CALL TO SERVICE

Now the political campaign is over. The people have spoken. The will of the majority has been expressed and all of us can devote our attention to other things.

We believe it is a fine thing for Elyria that each year we have something that is so paramount in its importance for the city that it unites us all regardless of our political views and differences.

The Community Chest, supporting the various social agencies of the city looking after the physical, the moral, the spiritual and the intellectual, so appeals to our mind and heart that regardless of our political affiliations, our religious opinions, or any other relationship, we are devoted to this work.

It develops the community spirit as no other work in the city does during the entire year. While the active canvass for subscriptions does not begin until November twelfth, the real work to prepare ourselves for service and get the city in the condition of mind where it will respond quickly, generously and completely is on now.

It is the one great call to obligation and opportunity which comes to all the citizens of Elyria at the same time, in the same conditions and results in our thinking and acting like brothers in one great family. We should be thankful for this opportunity.

FRANCES HODGSON BURNETT

It is difficult to realize that Frances Hodgson Burnett who yesterday left us, was a lady of seventy-five years. She has lived in the minds and hearts of many of us through her characters and the characters of whom we are most fond are her boys and girls, Little Lord Fauntleroy, Sarah Crewe, and the child of the Secret Garden. When we have thought of the author herself we have not thought of her as becoming old because of her understanding of the hearts of children. Few people have ever been able to more completely interpret the impressions and reactions of children than has she and fewer still have retained the ability to keenly interpret children when memory of their own childhood has become faded and blurred.

Time, the unerring judge of an author's works, has now begun to try the works of Frances Hodgson Burnett. It is safe to predict that some of her works will live because they touch the heart-strings and treat of subjects which are universal and limitless in their appeal.

Frances Hodgson Burnett may be said to have been one of the first child psychologists. She educated the imagination of adults to comprehend the vast world of childhood and although her books inspire us with more awe than they give us instruction regarding children, still they point a path where angles fear to tread and only fools walk fearlessly, up to the door of the heart of a child.

RELIGIOUS TEACHING

Public school superintendents at the annual convocation of the superintendents of education of the state of New York decided, the other day, that the time has arrived to make a special study of Bible reading and religious instruction in the schools and as a first step appointed a committee to devise a uniform system for the state.

They were aided in reaching that conclusion by Dr. Whitney, school superintendent in Schenectady, where a plan of Bible reading has been in successful operation. He said, "In Schenectady we have a plan approved by (Roman) Catholic and Jewish clergymen, the Ministerial Association, the School Board and the State Department of Education."

By adopting a plan approved by those different bodies nearly all united opposition to the plan is at once stilled and the religious and ethical welfare of the child is the only thing that need be considered in teaching the course.

However limited such a course might have to be in order to meet the agreement of the various denominations, it would be infinitely better than no Bible reading course at all or one which met the continual opposition and antagonism of various groups, which only would hamper its effectiveness.

HE GIVES PRAISE

The account of the man who had been deaf since infancy and recently found that he could hear through the radio, is baffling to the imagination. We can hardly conceive his happiness.

For two score years, at least, that man had been shut away from the sounds of the world, from the conversation of his friends, from speeches and from music.

The account says that the expression on his face, when he heard the music, was wonderful to behold. Never having heard voices speaking before, the words were meaningless to him, yet the radio has undoubtedly opened a new world to him.

THE WAY OF THE WORLD

By GROVE PATTERSON

"Red" Grange, Illinois university football player, makes many touchdowns and builds up a record. Observers think he can run faster than his opponents. Probably he can but that is not all.

Saggs, famous Chicago coach, says that Grange is a great player because he outguesses his opponents. Says Saggs: "That judgment, that knowledge of just what to do and when to do it is Grange's greatest asset." Saggs uses the word "outguesses." It is guessing. It is judgment. It is knowing WHAT and WHEN to do.

There are lots of fast runners in the world—in business and the professions. Lots of brilliant men and women. Judgment—the knowing WHAT and WHEN—is the big thing.

No matter what kind of machine you drive, courtesy will get you farther at the end of the day than anything else. Courtesy does more to smooth out the bad bumps of the road than balloon tires and shock absorbers. Courtesy saves you money in police court. Courtesy is a substitute for almost everything a man can have except brains and it can even be used sometimes as a substitute for brains. Perhaps if motorists and other traffic officers see a better example in courtesy than some of them do, the average motorist would profit by that example.

Edgar A. Bancroft, new American ambassador to Japan, will send his ballot to Chicago on election day by airplane from San Francisco. He is on his way to his post of duty but he is not going to miss his vote. He men spend money and time and put themselves to inconvenience to vote. And it's worth it. That is one reason why they are big men. Politically all men are equal on election day. If you are not a big man on that day, it is your own fault.

Leo Kamenoff, brother-in-law of Leon Trotsky, and one of Nikolai Lenin's close aids until the Red leader's death, is only forty years old, but is considered one of the strong men of the Soviet regime.

He was born in Tiflis and at an early age was identified with revolutionary movements. At one time, under the czarist regime, he was exiled to Siberia for his pleadings to Russians to resist efforts to draw that country into the World War.

He has served in various capacities for the Soviet government and when Lenin was stricken was one of the triumvirate which assumed control.

His wife has been likened by some writers to Catherine II of Russia. She lived in Paris before her marriage to Kamenoff.

TIMELY VIEWS ON WORLD TOPICS

"RELIGION OF THE FUTURE WILL SHIFT TO MEET CHANGING CONDITIONS OF HUMAN LIFE," SAYS DR. ELLIOT

That the religion of the future will be based on love of truth and the spirit of cooperation among men and that worship of the divine, of the past will give way to reverence for beauty and

prophesied by President Emeritus Charles W. Eliot of Harvard in a recent address given at the University.

Taking as his subject, "Religion, and the Modern Youth," Dr. Eliot said in part:

"I believe that the modern youth rejects almost all the tenets, dogmas and creeds of the past; that he comes to the question of religion with a mind free from the terrible obstacles which the common Christian dogmas and creeds have imposed upon past generations. The modern youth does not believe in the past the Genesis story of creation, or of God, Adam and Eve in the Garden of Eden. He does not believe in the total depravity of mankind as taught in the ordinary evangelical creeds and manuals. He has rejected those things, his mind is free from them, and therefore the problem what to believe is all the more interesting and stirring.

Old Conflict to End. "We are indeed coming to a state of the world when the old conflict between science and religion will disappear, partly because scientific methods approach

those of theology and those of theology approach those of science, but also because we realize in all sections or areas of human thinking that progress depends on the free play of the human imagination.

"The new religion will magnify and laud God's love and compassion, and will not venture to state what the justice of God may, or may not, require of himself, or of any of his creatures. This will be one of the great differences between the future religion and the past religions. Institutional Christianity as a rule condemned the mass of mankind to eternal torment, partly because the leaders of the churches thought they understood completely the justice of God, and partly because the leaders, and partly because the exclusive possession of deliverance gave the churches some restraining influence over even the boldest sinners, and much over the timid. The new religion will make no such pretensions, and will teach no such horrible and perverse doctrines.

"All these objects of worship (the deified powers of nature, the various gods and goddesses that inhabited sky, ocean, mountains, groves and streams, or the numerous deities revered in the various Christian communions—God the Father, the Son of God, the Mother of God, the Holy Ghost, and the host of tutelary saints) have mostly moved the human soul, and have inspired men to thoughts and deeds of beauty, love and duty. Will the new religion do as much? It is reasonable to expect that it will. The sentiments of awe and reverence, and the love of beauty and goodness, will remain, and will increase in strength and influence. All the natural human affections will remain in full force."

Gray wings O grey wings against a cloud
Over the rough waves flashing,
Whose was the scream, startling and loud,
Keen through the skies—was it, thin,
Piercing above the wind and the moaning white
Of the wide seas dashing?
Whose was the scream that I heard
In the midst of the hurrying air—
Was it thine, lost bird?
Or the voice of an old despair
Scribbling from years long dead.

HUSBAND AND WIFE PRAISE "DRECO"

Mr. Perkins Took Cathartics Every Night for 35 Years. Suffered Greatly from Indigestion, Cramps and Gas on the Stomach. Mrs. Perkins was Run down and Weak.

Mr. Frank Perkins, a well-known photographer of Pontiac, Mich., is one of the latest to testify for Dreco. He says:

"For 35 years I had to take a cathartic every night I suffered so from constipation. Since starting on Dreco, though, I haven't taken a pill and my bowels are as regular as clockwork."

"Dreco also relieved me of indigestion, cramps and gas on the stomach and my breath is no longer disagreeable. I sleep better at night and am not nearly as nervous as I used to be."

"When my wife felt so weak and run down here lately she tried Dreco, too, and it did her a lot of good. She is now free of those attacks of indigestion and liver trouble, her nerves are greatly improved and her bowels are as regular and easy as anyone could ask."

By getting to the root of the trouble and aiding and strengthening the stomach, liver, kidneys and bowels Dreco is quick to relieve the conditions that cause indigestion, constipation, rheumatism, headaches, nervousness, poor appetite, gas on the stomach, dizzy spells, biliousness, pains in the back and limbs and impure blood.

ELYRIA V. F. W. CELEBRATES BIRTHDAY

Major Murbach Reports Post Made Six Hundred Per Cent Gain in Year; Fourteen More Initiated; Big Crowd Prevents Auxiliary Initiation

The Elyria Post of Veterans of Foreign Wars celebrated its first anniversary at the G. A. R. hall last evening with approximately 200 in attendance. Members of the Lorain, Cleveland and Oberlin V. F. W. posts and their ladies and the local G. A. R. were guests. The attendance was so large that it interfered with the V. F. W. auxiliary meeting which was called off and their initiation delayed until November 19.

Commander Usher and the Cleveland degree team initiated fourteen candidates. The initiation was followed by the serving of refreshments and dancing until midnight. Commander Papworth of the Oberlin V. F. W. post, Commander Usher of V. F. W. post 84, Cleveland, Commander Misco of Lorain, and Commander Murray of V. F. W. post, State Inspector Mische of Lorain, Commander Hall of the local G. A. R., Comrade Keller, of Cleveland, a medal of honor man, and State V. F. W. Commander Cook of Cleveland, gave speeches in which the Elyria V. F. W. post was complimented as one of the most active patriotic posts in Ohio.

NUMBER TWO Continued from Page 1

State Commander Cook declared that the Ohio V. F. W. jumped from eleventh to sixth in the nation and had added more members and more new posts than any state in the union during the past year.

Major J. F. Murbach, commander of the local V. F. W. post, said that the Elyria post had increased its membership over six hundred per cent during the year.

The local post was inaugurated Oct. 9, 1923, and has a charter membership of 46. Major Murbach pledged to the state department, that despite the remarkable growth during the past year, that the local V. F. W. post would show at least a one hundred per cent increase in membership during the next year.

Comrade Silverscott, biker from San Francisco to New York and return, was another guest. He is getting material for the national V. F. W. Monthly and the December issue is expected to carry an account of last night's celebration. He was triple-gassed in action and voluntary contributions totaled over \$11.

Commander Hall of the Elyria G. A. R. and the G. A. R. members were paid a rising tribute by the gold-pipe ex-servicemen.

Commander Hall said the V. F. W. initiation was the most impressive he had heard and said that it should be an everlasting inspiration. He told of the close bonds which exist in Elyria between the V. F. W. and G. A. R. and how the G. A. R. members cherished their honorary membership in the Elyria post of Veterans of Foreign Wars.

ship during the past decade resulted largely from the fact the United States in that period, took a fuller hand in international affairs. As chairman of the Senate Foreign Relations committee, Lodge's views naturally were important in the consideration of any questions in which America's foreign policy was involved. With Lodge's retirement, Senator Borah will succeed to the chairmanship of the Foreign Relations committee.

When Senator Frank Brandegee of Connecticut, committed suicide here a few weeks ago, Borah succeeded to the chairmanship of the Senate Judiciary committee, and is already chairman of the committee on Education and Labor.

Thus does Borah stand at the head of three of the Senate's most powerful committees, and in a position to take any one of the three chairmanships for himself besides being able to practically name the men who will get the other two. It is an unparalleled situation in the history of the United States Senate.

MARRIED LIFE OF 33 YEARS ON ROCKS

Avon Township Woman Charges Husband With Cruelty; Property Valued at \$200,000 Accumulated by Couple

After 33 years of married life, Cecilia Urig has filed suit for divorce from John Urig, Avon township, charging him with gross neglect and extreme cruelty. The couple have accumulated real estate and property valued at \$200,000 during their married life, the petition sets forth.

In her petition, Mrs. Urig alleges that her husband has been addicted to drinking for 20 years. She says she had to work in the fields and in the past has had to support the family of six children, of whom four living are now adults.

She charges that during the last eight years he has left her early in the fall and has been gone for several months at a time. The petition asks for a temporary injunction restraining her husband from disposing of his property and for a divorce and permanent alimony.

The Urigs were married in Avon 1891.

Suit for divorce has been filed by Gertrude C. Lemon against Charles C. Lemon, Elyria. She charges her husband with gross neglect and extreme cruelty. They were married in Elyria in 1914.

Results from all four counties when they go to make up the 13th congress will show today that "Martin L. Davis, of Kent, present congressman was re-elected to office in spite of the Republican landslide in the state.

The fight between Davis and Arthur W. Doyle prosecuting attorney of Summit county was watched with probably greater interest than any other race for office in the district.

The outcome was not known until late yesterday when totals from the counties of Summit, Portage and Medina were sufficient to carry the congressman across.

It appeared that Davis had lost when Lorain county gave Doyle a lead of 300 votes over the city of Lorain had given Davis a majority of 500.

The "Doyle for Congress" club carried on a street fight throughout the district.

RE-ELECTED CONGRESSMAN

Results from all four counties when they go to make up the 13th congress will show today that "Martin L. Davis, of Kent, present congressman was re-elected to office in spite of the Republican landslide in the state.

The fight between Davis and Arthur W. Doyle prosecuting attorney of Summit county was watched with probably greater interest than any other race for office in the district.

The outcome was not known until late yesterday when totals from the counties of Summit, Portage and Medina were sufficient to carry the congressman across.

It appeared that Davis had lost when Lorain county gave Doyle a lead of 300 votes over the city of Lorain had given Davis a majority of 500.

The "Doyle for Congress" club carried on a street fight throughout the district.

ship during the past decade resulted largely from the fact the United States in that period, took a fuller hand in international affairs. As chairman of the Senate Foreign Relations committee, Lodge's views naturally were important in the consideration of any questions in which America's foreign policy was involved. With Lodge's retirement, Senator Borah will succeed to the chairmanship of the Foreign Relations committee.

When Senator Frank Brandegee of Connecticut, committed suicide here a few weeks ago, Borah succeeded to the chairmanship of the Senate Judiciary committee, and is already chairman of the committee on Education and Labor.

Thus does Borah stand at the head of three of the Senate's most powerful committees, and in a position to take any one of the three chairmanships for himself besides being able to practically name the men who will get the other two. It is an unparalleled situation in the history of the United States Senate.

WASHINGTON, Nov. 6.—Radio which played such a tremendous part in the presidential campaign just ended, will be so developed during the next four years that voters in 1928 will not only be able to hear the candidates, but see them as well, by broadcast movies. This prediction was made today by acting secretary of commerce Stephen B. Davis, in an interview with International News Service.

POLICEMAN AND YEGG DIE IN GUN FIGHT

Dying Man Identifies Peculiar Noise of One Gun As Identical to Shooting of Grocer by Burglar

NORFOLK, Va., Nov. 6.—That's the same gun that shot me, I can tell by the sound. These words, feebly but excitedly uttered by Abraham Jacobs, a grocer who has hovered between life and death on his hospital bed for the last ten days following an attack by a negro gunman, were believed by his nurse at St. Vincent's hospital to be but the imitations of a sick man, a shot rang out in the street below.

The shots that Jacobs heard were exchanged between "Norfolk's best cop," Edward J. Vellines and "Beau Cat" Joe Thomas, a negro desperado and when the die was over both men lay dead in the street. Vellines, with a bullet through his heart, had rushed a bullet through his heart and fired two shots at his assailant. Then he was dead and expired. The negro died within a minute.

Then followed a dramatic climax as Jacobs, supported by nurses and detectives saw the body of the slain negro wheeled into his room on a stretcher.

That's the man, that's the man, screamed Jacobs and became so excited that the nurses and doctors had to calm him. Police are sure of the desperado's identification now from clothing found in the room which he is alleged to have worn the night he attacked Jacobs and from the pistol he is said to have used on both occasions.

Vellines, cited twice for bravery and known as a marksman of unusual ability, was only 30 years old. City officials have started a fund for his widow and two small children to enable them to purchase the home which the slain officer was buying.

PROGRESSIVE CLUB IS MADE PERMANENT FOR LORAIN COUNTY

A joint meeting of the Elyria, the Lorain, and the Lorain County LaFollette Clubs was held at headquarters in this city last night. The officers made a report of their respective activities during the campaign, after which it was decided to form a permanent organization to be called the Lorain County Progressive Club, and the old organization agreed to turn over their records and funds to the new.

A. S. Kurtz, attorney of Lorain, was elected chairman; W. M. Buschick Jr., Elyria, vice chairman; Chas. H. Kopp, Elyria, secretary and treasurer, and the following were placed on the executive board: Lorain, A. Nove, Gilbert Irish, Ed McGuire, Elyria, L. C. Colson, G. V. Chiquette, Rev. I. S. Stumm, C. J. VanLan, Ambert, Earl St. Wald, Oberlin, R. B. White head, Carlyle, Art Bailey, Huntington, Frank West.

Secretary Kopp returned thanks to the voters, workers and sympathizers in the last LaFollette campaign for their co-operation, and invited them to become members of the new organization formed in the interests of clean politics and men of character and progressive principles.

THREE DROWNED WHEN SHIP SINKS

WATERTOWN, N. Y., Nov. 6.—Three men lost their lives when the steamer Glenn Luchie was grounded twice on shoals in Lake Ontario during a heavy wind storm today.

All three were members of the crew. There were twenty-six persons aboard the ship, when it first struck Charity Shoals, five miles off Cape Vincent, shortly after three o'clock this morning. The force of the shock caused the craft to leak and all rapidly.

The three victims, disobeying the orders of Captain Victor Charter of Champlain, Quebec, took a lifeboat.

Three minutes after the boat was launched it was submerged in heavy seas and dashed against the side of the Glenn Luchie.

HOW TO END BLADDER TROUBLE

Remarkable results in quickly clearing up long-standing cases of bladder trouble and weak kidneys are being obtained with a valuable oil that has been known for many years, but has only recently been put up in easy-to-take capsules.

Capable of relieving frequent or painful urination, backaches, tired feeling, headaches, indigestion, insomnia, rheumatic twinges, etc. disappear almost overnight when the real cause is removed.

This remarkable remedy is known as Haarlem Oil, and was originally compounded by a famous Holland chemist. It goes deep to the over-worked and congested kidneys and bladder, and tones them up and restores them to normal working order often in 24 hours. But be sure you get the genuine RED MILL Haarlem Oil, imported direct from Holland and put up in capsules. Costs only 50c, and sold under an absolute money-back guarantee. Ask these druggists: C. C. Bowers, Harry E. Claycomb, Grandall's Drug Store, J. A. Ebert, C. W. Phillips (2 stores).—Advertisement.</

Girl Hits Barber with Rock for Giving Her Bob She Didn't Want

DETROIT, Nov. 6.—Since barbers first took to shearing men's locks there have been millions of poor hair cuts, but it remained for a Detroit woman to be the first to get revenge through physical violence.

Bridgette Snyder, forty-three, who lives at the Salvation Army Women's Citadel, was arraigned in Recorder's court charged with felonious assault on Lee Conlan, a barber in a downtown department store.

Bridgette, who is a housemaid, told police she hit Conlan with a sharp stone wrapped in a handkerchief, while horrified patrons looked on, because he had bobbed her hair against her will.

"It was the latter part of July," Bridgette confided, "that I went into his barber shop to ask his advice on whether or not to have my hair bobbed."

"He told me to take my hair down and he would see how it would look bobbed."

Being slightly deaf, Bridgette said she did not hear Conlan snipping her hair until she turned around and saw in the glass that one-half of it was already bobbed.

"I was terribly angry, but what could I do?" the unfortunate victim of a barber's shears asked. "I told him to go ahead with it

now, and what did he do but shingle it! Imagine that!"

For nearly a month Bridgette went about her duties as maid in a prominent Detroit home, brooding over her shorn hair. Then she reached a point of action and, carefully wrapping a sharp-pointed stone in her handkerchief, went to the barber shop and is alleged to have attacked Conlan.

Bridgette spent the night in the Women's Detention Home. Authorities at the Salvation Army Women's Citadel, where she lived, confirmed her story of the "unwanted" bob. They were surprised at her arrest, as this is said to be the first time she ever was arrested.

Conlan, who suffered a large cut on his head, received first aid treatment at the store and continued his work, police say.

WELLINGTON GARAGE BURGLARIZED OF \$100

WELLINGTON, Nov. 6.—Burglars made their way through the back window of the James C. MacDermott garage last evening. The safe was broken into and all its contents stolen. The key to the cash register was stolen and the exact amount of money in the safe cannot be estimated until a check-up can be made on the day's sale. The amount estimated is about \$100.

Four desks in the room were broken into and rifled, also the filing cabinets. The burglars also helped themselves generously to the supplies in the stock room. This is the first burglary in town for many months.

guinary battles between T. R. and the Senate old guard.

Extreme rectitude has thus far marked Mr. Coolidge's demeanor toward congress. He has, during his year and half, attempted no "big stick" methods. One reason perhaps was that Republi-

can control of congress was only on paper. He "pushed" the Mellon plan. He voted the bonus and the postal increase bill, but in so doing he did not "fight congress" in the sense that Roosevelt did.

The cabinet, part of which Mr. Coolidge inherited and part of which he appointed, will remain in office. He has at the outset one vacancy to fill, in the department of agriculture, due to the death of Henry C. Wallace.

Cabinet Changes?

It is said the president is endeavoring to obtain for the post-ex-governor Frens O. Lowden, of Illinois, who, had he consented to it, could have been the next vice-president of the United States. He was nominated at Cleveland and then turned it down. Lowden has been offered and refused more government jobs than any man extant. Harding offered him three cabinet posts and his choice of a diplomatic appointment, all of which were rejected.

It is considered certain that Charles E. Hughes will remain as Secretary of State. He was Coolidge's chief spokesman during the campaign. It is likewise considered certain that Andrew W. Mellon will remain as secretary of the treasury.

Two other members of the cabinet, attorney-general Stone and secretary of the navy Willard, are Mr. Coolidge's own appointees

and are expected to stay.

Concerning the balance of the official family there is some doubt. There have been reports recently that "secretary of war Weeks and secretary of commerce Hoover are anxious to retire, the former on account of advancing age, the latter for private business reasons."

This leaves postmaster-general Harry S. New, secretary of the interior Work and secretary of labor Davis, all members of the Harding cabinet. Their future is said to be uncertain.

One of the early changes president Coolidge is expected to make is in his private secretary, C. Bascom Slemph, who, now that the campaign is over, is said to be anxious to get out. There has been constant friction between Slemph and William M. Butler, generalissimo of the Coolidge campaign.

There is also keen speculation in the capital as to what reward Butler will receive for promoting one of the most successful campaigns in Republican history. The expectation prevails that a cabinet post will be made available to him before many weeks.

It was learned officially at the treasury department today that secretary Mellon would remain in the cabinet.

Electoral Votes

WASHINGTON, Nov. 6.—Earlier estimates of an electoral vote of 379 for President Coolidge was

unchanged by later returns today. John W. Davis will have 139 electoral votes, and Senator LaFollette only the thirteen from Wisconsin.

In Mr. Coolidge's total at noon today were included the states of North Dakota, Arizona and Montana, where the final result was still in doubt, but where the Republicans were leading. New Mexico on the other hand, went into the Democratic column, on the face of late returns.

The Cesarewitch, which has just had its annual renewal, is one of the most famous of the Autumn races on the English turf, and one that in the past has been prolific in surprises. Thrice the race has resulted in a dead heat, a remark-

able series of happenings considering that the course measure two miles and a quarter. Moreover, one of these races was a "treble event," three horses actually passing the winning post together.

Mothers, Do This—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt relief. It does not blister.

As first aid, Musterole is excellent. Thousands of mothers know it. You should keep a jar ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.
